At Rangemaster we are committed to delivering high quality products which are innovative and design led, that's why we have partnered with SCHOCK - the global market leader in granite kitchen sinks, to offer an exclusive range of premium granite sinks in the UK market.

Over 40 years ago SCHOCK invented the first granite kitchen sink, from then the sink we know today has evolved into a multifunctional sink with antibacterial properties, which is not only functional and hard-wearing but is also aesthetically pleasing to the eye.

The range includes 14 different designs which are available in multiple bowl configurations, sizes and colours.

# Hygienic and EASY TO CLEAN

## NATURALLY REPELS DIRT AND MICROBES

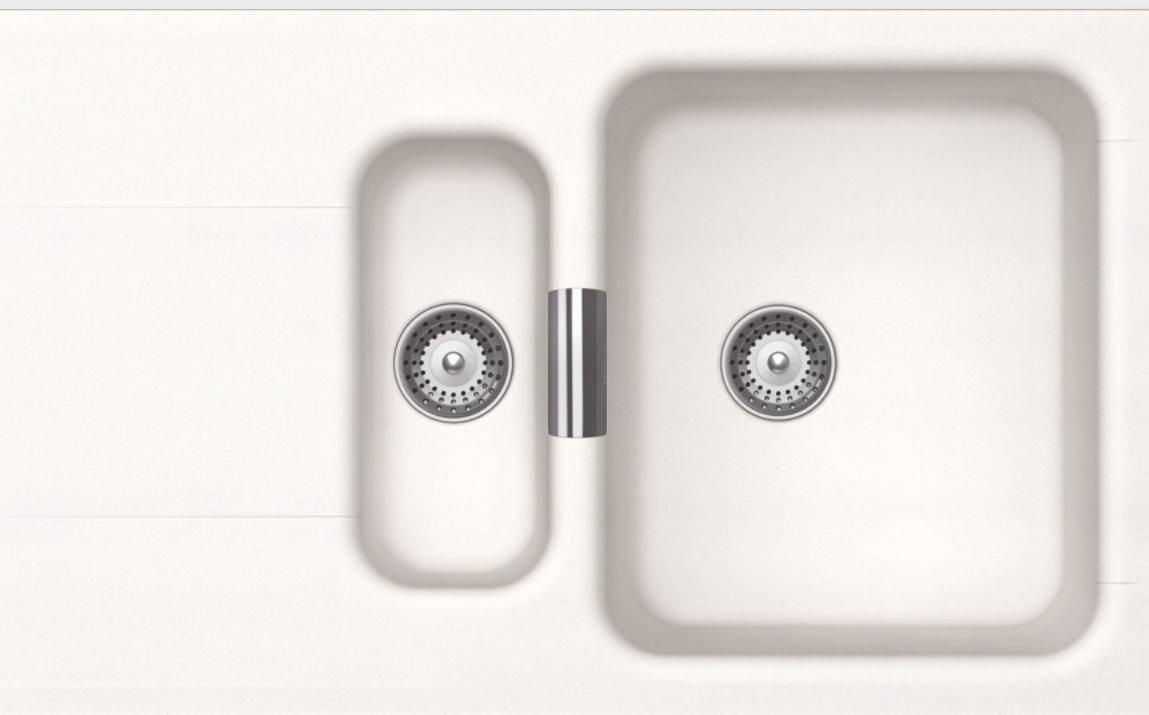

SCHOCK is the world's first manufacturer to develop a surface material with antibacterial properties - ProHygienic 21.

Developed using exclusive raw materials paired with advanced manufacturing techniques - SCHOCK kitchen sinks perform like no other.

Both CRISTADUR and CRISTALITE sink collections benefit from ProHygienic 21, which means you can rest in the knowledge that fresh fish, meat or vegetables can be prepared safely on the sinks surface.

SCHOCK sinks also naturally repel dirt and microbes which means cleaning is a dream!

## ADD A DESIGN STATEMENT

The CRISTADUR collection includes a range of premium styles which create a real statement in the kitchen. Finish your kitchen design with the choice of 5 sumptuous shades, which range from bright Polaris white to SCHOCK's standout colour, Rouge.

## SUPER SMOOTH TO THE TOUCH

Manufactured from refined quartz sand – the hardest element of a granite sink. The CRISTADUR sink collection provides a silky smooth surface which naturally repels germs and microbes leaving the sink easy to clean while remaining super smooth to the touch.

CRISTADUR®

PREPSTATION

Transforming the sink from a classic wash station to a multi-purpose food preparation area. The Prepstation with its large central drainer and accompanying bowls make this the ideal solution for the aspiring and professional chef.
