ICONIC BRITISH ELEGANCE

Since 1990, the **St James** brand has been recognised for seamlessly combining iconic styling with assured quality and reliability.

Today, **St James** brassware offers exquisite designs which can be mixed and matched with a choice of handle and finish options to create an individual tailor-made solution for every bathroom.

The Collection also provides the reassurance of knowing that products are carefully hand assembled in Birmingham and are recognised by the Made in Britain initiative.

What's more, we insist on only using industry-leading components that are proven to deliver long term reliability.

Products denoted CR form part of our Core Retail range. Featuring an ever popular Chrome finish, these are available from stock and can be delivered within 7 working days.

Products denoted C+S form part of our Contracts & Specification range and have proven to be our most popular models within the commercial and contract markets.

For bespoke product configurations, please allow up to 10 weeks for delivery.

The St James Traditional Collection's Victorian period style, evolved with contemporary elegance, allows your bathroom design to come to life with bespoke hand finished details and luxurious customisable options.

We really hope you enjoy the experience.

GENERAL INFORMATION

BROCHURE INFORMATION

All information contained in this brochure is accurate at the time of going to press. Marflow Engineering Limited reserves the right to introduce changes and modifications without prior notice. Please note all prices shown are inclusive of VAT.

Whilst every attempt has been made to select images that accurately portray our products, variations in colour and style cannot be avoided. Further variations may also be caused by inconsistency in colour, reproduction and print.

DIMENSIONS

Please note all dimensions in this brochure are shown in millimetres unless otherwise stated. They are intended as a guide only and may be subject to a degree of inaccuracy.

TECHNICAL DRAWINGS & INSTALLATION GUIDES

Our technical drawings and installation guides are available to download from our website free of charge. We recommend installation is carried out only once the relevant guide has been read and understood by the installer. Please note all products in this brochure are for Irish low-pressure installations. Minimum 0.2 bar recommended unless otherwise stated.

Our thermostatic shower valves are factory set to 38°C and fitted with an anti-scald device designed to protect the user by automatically cutting the water flow.

PRODUCT GUARANTEE

When installed in domestic applications, Marflow's St James Collection products are guaranteed for a period of 10 years and cartridges are guaranteed for 5 years, from the date of purchase. Chrome finishes are guaranteed for 10 years and all other finishes except Unlacquered Copper and Unlacquered Brass are guaranteed for 2 years.

Due to the living nature of Unlacquered Copper and Unlacquered Brass, these finishes are not guaranteed. Finish guarantees are subject to the Product Guarantee Terms and Conditions available on www.stjamesengland.com

WEBSITE INFORMATION
